CONDEMNATION ON ATROCITIES COMMITTED AGAINST RAJASTHAN WUSHU TEAM

It is very unfortunate that Rajasthan Wushu Team have been subjected to extortion at gunpoint and matter of deep concern that allegation has been levelled against 'Kuki militants' as culprits ('Rajasthan Wushu Team Alleges Gunpoint Extortion by Suspected Kuki Militants', PC Bureau, 19 January 2026).

The United People's Front and Kuki National Organisation strongly condemn the heinous act against our fellow citizens from Rajasthan have had to undergo anywhere in our country. The two umbrella organisations would like to assure the Wushu Team that under no circumstance would Kukis, who organisations are in suspension of Operations and engaged in political dialogue with Government would indulge in such activity against our own people from another state – we rather extend our warm welcome and thank them for visiting our land.

It is appropriate to state that Kuki people have never indulged in troubling citizens visiting our land. KNO and UPF extend our sympathy to the Wushu Team for the inhospitable treatment meted to them, while strongly condemning the heinous act against them.

KNO and UPF also wish the Wushu Team the very best of success in their future performances.
